Subject :— Purchase of an Electrocardiograph for the use of the Bowring and Lady Curzon Hospitals.

SIR,

I have the honour to state that this hospital is in need of an Electrocardiograph for the diagnosis of Heart disorders, an essential in all modern Hospitals, and that there is available ~~for~~ a simple portable equipment which can be used anywhere and which incorporates all the latest technical advances.

The Victoria Hospital, Bangalore City possesses an old type instrument; and by their courtesy some of the heart cases in this Hospital for the past 5 years requiring cardiograms have, on occasions, been conveyed there and brought back after the necessary examination in the Motor Ambulance. In view however of the nature of the complaint the strain of the journey (to and fro) is detrimental to many of these patients who require examination and it is undesirable that such should be moved. I am therefore of opinion that an Electrocardiograph is among the necessities of the Bowring and Lady Curzon Hospitals.

It is therefore proposed with your approval to purchase an Electrocardiograph from the Victor X-ray corporation Ltd., Bangalore, who are agreeable to supply a latest model portable one at a very reasonable price of Rs. 2,700/- nett (f.o.r. Bangalore and free installation).

(2)

It had been my hope to find the entire sum required for the instrument from funds raised through private donations etc., but this has not completely fructified as I have been able to find funds to the extent of Rs.1,500/- only.

I have the honour therefore to request you kindly to obtain the sanction of the Hon'ble the Resident to the payment from Government funds of the balance of Rs.1,200/- towards the purchase of the Electrocardiograph. The instrument when purchased will remain the property of the Government. No conditions have been imposed by the donors and the funds raised are mainly from entertainments and dances etc., organised by the energy of the Matron and Nursing Staff.

The cost to Government will before long be more than covered by the receipts from Cardiograph examinations on paying patients.

The instrument is of such a description as to come within the terms of the exception referred to in rule 7 Annexure A of Appendix 4 of the Civil Account Code, Vol.I.
